AMERICA'S TRAGEDY: 30 YEARS OF TREASON!

The following speech by Dr. Revilo P. Oliver was delivered in March 1959 before the Daughters of the American Revolution annual Illinois State Convention. A few supplemental notes have been made by Dr. Oliver to expand and explain statements made in the original text.

ALL AMERICA MUST KNOW THE TERROR THAT IS UPON US

By Dr. REVILO P. OLIVER

You have doubtless seen the recent and cleverly advertised book entitled "What We Must Know About Communism" by Harry and Bonaro Overstreet. It is a strange book. I cannot take time to analyze it or to discuss the possible motives for the author's silence about the most important parts of the vast web of subversion that extends from the humblest primary school to the highest court in our land. But I shall limit myself to matters that the Overstreets ignore or evade. And I can give only the most perfunctory summary of a few selected aspects of the terror that is upon us.

I first encountered Communists and their allies, the "liberal intellectuals," when I was a lad in college, and I then formed the impression of them that so many people of my generation still carry in their minds. The pro-Communists among my fellows were so childish and so ignorant! Many of them, to be sure, were glib enough in parroting the phrases and arguments they had heard or read, but they obviously belong to the group that worked hard only to avoid hard intellectual work. They talked, and they seemed to believe, Marxism, a crude and absurd superstition that can be taken seriously by no one who has any knowledge of human history and Occidental culture.

There were also a few members of the faculty who were obviously pro-Communist—remember that this was years and years ago, and the college in which I was an undergraduate was not so progressive as others even at that time—a few members of the faculty, I say, but they were all teaching the "science" of "education" or some similar bunk that was obviously a fraud on the public and an insult to the intelligence of an educated man. My friends and I thought the Commies, young and old, very funny.

We had all heard, of course, of what had happened in Russia, but we did not know then what everyone knows now, that the Bolshevik butchery in Russia had been organized in the United States, financed from the United States, and carried out by a gang of 1700 disciplined assassins, most of whom came from New York City. And in any case Russia was a distant and barbarous country, and nothing could be more ludicrous than a

The unholy triumvirate that ruled with an iron hand during the Roosevelt and Truman eras. The Chicago Tribune (May 28, 1950) called them the "SECRET GOVERNMENT OF THE U.S." They are:

FELIX FRANKFURTER "The man behind the men behind the President," who

suggestion that what happened there could conceivably happen here . . .

I spent the war mostly in Washington, in the most secret department of the Army, and my first shock virtually coincided with the beginning of my work there. One of our basic maxims was this: "Remember that everything that is known in the White House is known in the Kremlin." That was a shock at the time, although now, of course, everyone who has read at all about Communism knows that Roosevelt's assistant, **Lauchlin Currie**, a counterpart of the more recently infamous **Sherman Adams**, was a Communist agent and that he, with a trained corps of at least thirty traitors, presided over all the activities of the White House.

It was not until later that **Harry Hopkins**, the man who dispatched to Moscow all the plans for the atomic bomb together with the materials necessary to manufacture it, moved into the White House to supervise the work of treason.

At that time Washington was full of Communists, both domestic and foreign, and they had already obtained that complete control of most of the governmental bureaus that they have held ever since and progressively increased. It was a matter of common knowledge that in many of the civilian agencies only persons approved by the Communist party could hold offices of any responsibility. That is, of course, mere commonplace now, and, in informed circles, was mere commonplace then.

We all know, for example, that **Congressman Dies** of Texas happened to obtain photographs of a part of the Communist records which showed that 2500 members of just three governmental departments—State,

packed the Court and Government with Red agents.

HENRY MORGENTHAU Who gave our money plates to the U.S.S.R.

HERBERT LEHMAN, infamous for pouring billions of UNRRA money into Red hands.

Justice, and Interior—were card-carrying members of the Communist Party. He took those records to **President Roosevelt**, who in one of those fits of almost insane temper to which he was so frequently subject, screamed out, "Many of my best friends are Communists!" and ordered the Congressman from the room.

It is not so generally known that a presidential order commanded the Naval Intelligence service immediately to cease all inquiry into the activities of Communists, whether domestic or alien, and to destroy all records concerning Communist traitors and spies.

Washington was in 1942 what it is today—a city in which, as one bureaucrat complacently assured me, "you've got to be a Communist to get anywhere." It was even a city in which it was dangerous to be an American. I was there during the obscene farce—in many ways a tragic farce—called the "Sedition Trial." Everyone in Washington knew that the one purpose of this trial was to intimidate Americans. Read about it sometime. Thirty men and women from all over the country, most of whom had never even heard of one another and who had in common only outspoken criticism of Communism, were hauled to Washington in handcuffs and leg irons, imprisoned in cells kept dark so that they could not read, and subjected to the most fantastic trial for conspiracy ever conducted outside Russia or an admittedly satellite state.

The presiding judge, **Eicher**, who had, I understand, been appointed on the demand of **Felix Frankfurter**, was one of the new breed of Federal judges, that is to say, viciously corrupt, and he finally died while under im-

peachment for malfeasance in office.

The Assistant Attorney General of the U.S. who prosecuted the case was another protege of Felix Frankfurter.

The Hungarian revolt provides one of the hundreds of bits of evidence that show the close cooperation between the Kremlin and the bureaucracy that captured Washington under Franklin Roosevelt and has been expanding and strengthening itself ever since.

When the Hungarian people spontaneously rose in revolt, they were, as several refugees have assured me, cozened and confused by lying broadcasts from the radio station that is so sardonically called **Radio Free Europe**. This station, which, as Fulton Lewis has recently shown, is staffed largely by Communist agents, is supported by secret grants from C.I.A., our **Central Intelligence Agency**. It is also supported by funds collected every year from the American people. That is just a bit of Communist humor. They delight in tricking Americans into contributing money to ostensibly charitable enterprises for their own destruction.

When the Hungarians suffered, and died, and begged in vain for help, only one nation in Europe dared to offer them even a modicum of assistance. That was Spain, a nation headed by **General Francisco Franco**, whom the Communist-dominated press in the United States so regularly vilifies. Spain agreed to send the Hungarians the weapons they most desperately needed, **anti-tank guns**. Spain arranged to transport the guns in her own planes, and arranged with Germany to permit these planes, on their return trip, to land to refuel, since the Spanish planes could not carry enough gasoline for a round trip. Now our **Central Intelligence Agency**, which seems never to be able to discover anything to the advantage of the United States, quickly found out about the Spanish plan to help the Hungarians.

The C.I.A. transmitted the information to our State Department, which immediately went into action and brought very strong pressure to bear on the German government to cancel the permission that had been given for the Spanish planes to refuel on their return journey. Thus was Washington able to save the Russians considerable inconvenience during their massacre of the Hungarians.

The **Central Intelligence Agency** is an organization so secret that even our senators are not allowed to know anything of its operations. But, as was recently disclosed in **NATIONAL REVIEW**, the head of any section of this agency has full power to employ even persons whose Communist records are in the files of the F.B.I. The agency has undoubtedly undergone progressive change in the past nine years. It was in June 1949, you will remember, that Admiral Hillenkoetter, who was then head of the agency, received an inquiry from Senator McCarran concerning **one hundred new appointees to the United Nations staff**. Adm. Hillenkoetter replied that according to a preliminary check of his records **29 of these appointees were officers in the Communist Party and that 32 others were known members of the Soviet espionage system**. Admiral Hillenkoetter was immediately transferred to a desolate outpost in the Pacific. This was, of course, but one of the many incidents by which our army and navy officers have been shown that **they dare not do anything that would displease our Communist conspirators**.

I trust that you have not overlooked the latest triumph of what may fairly be called the Washington - Moscow Axis. The Batista government in Cuba was not, to be sure, a perfect government, but it probably was as good a government as one could ever reasonably expect to find in an island largely populated by mongrels. Batista, however, had committed the one sin that is unforgivable in the eyes of the people who call themselves our "liberal intellectuals": **he was an enemy of Communism**. Not only was he a reliable ally of the United States, but he had even gone so far as to **sever diplomatic relations with Russia**, an act which greatly embarrassed our State Department. **It was clear, therefore, that he must be eliminated**. Accordingly the revolt led by Fidel Castro was

organized. You will recall that some of the preparations for it were quite openly made in **Florida**.

Now although Castro thought it worth while to say that he is not himself a member of the Communist Party, his principal assistants including his brother, were notorious **Communists**, and no reasonable person, even slightly acquainted with Latin-American affairs, could ever have doubted that the **Castro revolt was a Communist operation intended primarily to secure bases for the many Soviet submarines which are constantly cruising along our Atlantic Coast, and to permit the establishment of rocket bases within one hundred miles of American soil**.

During the progress of his takeover in Cuba, Castro received supplies from **Soviet submarines**, and, of course, vast quantities from the United States. The shipments from Florida were, of course, technically smuggled to him, but oddly enough **our government was never able to intercept them**.

But even with this help Castro would have failed but for the energetic intervention of **our State Department**. The technique used is, of course, a standard procedure and should be quite familiar to all of us by now.

You will recall that when **General George Marshall** was sent to **China** to arrange for the Communist occupation of that country, he was able to accomplish his mission by simply cutting off from **General Chiang Kai-Shek** the supplies of **ammunition that he needed for his soldier's rifles**, which were all, of course, of American manufacture. **\$150,000,000 worth of ammunition on ships that were about to land was simply dumped in the ocean**, and, of course, no further shipments were made. Thus Chiang Kai-Shek's men could not use even their rifles to say nothing of machine guns and artillery, and he had to retreat before the Communist invaders, who had been equipped with the huge Japanese stores of weapons and munitions that we had turned over to them in Manchuria.

Following this established pattern, our State Department cut off all supplies of **ammunition to the small army of Colonel Batista in Cuba**, which was, of course, equipped with weapons purchased in the United States. Even ammunition that Batista had bought and already paid for was confiscated on the docks. It seems quite clear that Batista's men did not desert, **they simply had nothing to shoot**.

You will also remember that while the great betrayal in China was under way under the direction of such eminent figures as **General Marshall** and **Professor Owen Lattimore**, the controlled press in this country was filled with propaganda to the effect that Chiang Kai-Shek was a scoundrel, and that the Communists in China were just innocent "agrarian reformers."

You will recall that when the Communists were firmly established in China, our "experts" blandly told us: "Oops! We said they were agrarian reformers, but we were mistaken. They're Communists after all. Ha-ha-ha!"

As soon as the Russians have built their submarine bases and set up the launching fields for ballistic missiles in Cuba, our State Department will no doubt again tell us: "Oops! We were mistaken. But now that launching sites for atomic missiles have been set up within one hundred miles of the United States, war is unthinkable, ain't it?"

By the way, you will probably witness in the next few months the **destruction of our only remaining ally in the Caribbean** — our only certain ally south of Canada, the **Dominican Republic**. That was, to my mind, clearly forecast by the Galindez affair three years ago, but it has now been made quite certain by our recent official proclamation, issued over the name of **President Eisenhower**, to the effect that we look with great disapproval upon "dictators" such as General Trujillo.

The Communist underground is our real danger, and no one can accurately measure its total strength. Its members all vociferously deny that they are Communists, and they are so organized that when everything is working properly no one conspirator can

positively identify more than five of his accomplices.

On 3 March 1958 Congressman Francis E. Walter published a report that "**the Kremlin has succeeded in enlisting, at a conservative estimate, more than a million Americans**... There are at this moment the equivalent of some **twenty combat divisions** of enemy troops on American soil... troops that are **loyal only to the Soviets**." In other words, you are now living in a country that has been partly occupied.

There are two basic facts that one must bear in mind when one tries to understand Communists.

First, all the talk about an "ideological struggle" is mostly nonsense. No Communist, except gullible college boys and other children, really believes in the doctrine of socialism. Marx's absurd theories are merely a propaganda device, a means to an end. The intellectual processes of the Communist have been well explained by Czeslaw Milosz in his **CAPTIVE MIND**, and by Gerhart Niemeyer in his **INQUIRY INTO THE SOVIET MENTALITY**, but they were best epitomized by **Duane Thorin**.

This young American, who had somehow escaped brainwashing in his high school and college, was taken prisoner in Korea and interrogated for months by the Chinese Communists who sought to convert him. He received some attention from a really important Communist official, and his native shrewdness enabled him to see that the Communists who make the decisions had only contempt for their inferiors who really believed the Marxist propaganda. As Thorin neatly puts it: "Intellects that failed to see through the falsities of Communism were so arrested that they were of only limited use in the totalitarian state."

It is quite incorrect, therefore, to say of a Communist, unless you mean that he is a fool, that he believes in Communism. Communism is not a theory in which men may believe; **it is a conspiracy in which men participate**. So far as Communism has an intellectual basis, that basis may be found in the doctrine, not of Karl Marx, but of **John Dewey**. The Communist is the perfect Pragmatist; he is a Nihilist; he believes that there is no such thing as truth. He repudiates and hates all the traditions and culture of the Past; there is no truth, there is no value in the world but the satisfaction of his own whims and appetites, whatever they may be. **Intellectually speaking, he is a beast — perhaps the lowest and most dangerous of all beasts**.

Perhaps the neatest illustration of the intellectual processes of a Communist and the jargon that he loves to use will be found in comments made to me by a **university president** some time ago. I had happened to mention the old ideal of scholarship and learning: disinterested pursuit of truth. I thought that he would at least pay lipservice to this ideal, but he interrupted me imperiously.

"**There is no truth but social truth**," he said.

"And what," I asked, "is social truth?"

He replied quite simply: "**It is what it is expedient for a society to tell its members**."

"And who," I asked, "determines what story is expedient to tell the suckers?"

He smiled. "**WE do**."

Now I cannot be certain that the man in question was a member of the Communist underground, but the reasoning that he employed is that of the Communist mind. There is no truth; there is only expediency. Truth, in other words, is lies.

But intellectual nihilism, the repudiation of all concepts of truth, justice, humanity, is not sufficient to explain the terrible energy of the Communist conspiracy. That energy is emotional: it is a lust, a craving, a passion. I had my first glimpse of this passion early in my days in Washington.

I met a young man who had just come into the army. He looked like an amiable college boy, and, as a matter of fact, he had been graduated from law school only two or three days before. He had been working for the **Labor Relations Board**, and he enthusiastically described to me the way in which

he and his colleagues would railroad small American corporations that were inclined to be recalcitrant, seize their books and cart them off, ostensibly for the purpose of photographing them, but actually to force the company, paralyzed by the loss of its records, to submit. I was a little shocked, and I asked, "Lieutenant, didn't it seem to you that you were violating the constitutional rights of American business men?" He was a young man, and he answered promptly, "Rights? Why, they're capitalists. When we stand them up against a wall, we shoot them in the belly: they die longer that way."

That was how I first came to suspect the real orientation of Communist minds, but only after years of observations, and with help from the illuminating analysis by Denis de Rougemont, did I realize that the young man was exceptional only in the readiness with which he let slip the mask. The true Communist, whatever disguise he may wear when he moves among you, is, in the literal and exact meaning of the English word, a thug, that is, a man who has made a religion of murder.

He is driven by an overwhelming lust to destroy . . . and uproot to annihilate civilization, to kill — and even more than that, to make decent men and women suffer, to degrade them to the level of animals. And he will work constantly, tirelessly, with infinite cunning for his ideal: The day when he will drag you from your home, kick in your teeth, crack your ribs, and throw you into a slave-labor camp where you will drag out the rest of your life in a degradation that you have never imagined even in nightmares. That is what he yearns for. Economic and social theories are merely a disguise to befuddle suckers.

In 1872, when the headquarters of the international Communist conspiracy were openly and officially transferred to New York City, there were only a few hundred people in the United States who were inspired by this bloodlust. But they went to work, patiently, doggedly, and with vicious cunning, to extend their tentacles over the entire nation. They went underground. By 1876 practically all of the members, including, of course, the new recruits, had been instructed to conceal their membership and deny that they were Communists; to penetrate existing American organizations, and to help one another attain positions of influence and power in those organizations; to work for the Communist goal under the guise of "social reform" and "democracy." This is, of course, the basic strategy that has been followed ever since.

By 1907 the Communists were strong enough to organize a wing of the party that operated openly under the leadership of a criminal named William Z. Foster. One of Foster's closest associates and advisers, in 1907 or soon thereafter, was Felix Frankfurter, an immigrant who had wormed his way into the post of secretary to the Secretary of War in the cabinet of President Howard Taft.

By 1910 the first big Communist cell was planted in an American university — Harvard, of course. So far as I have been able to learn, the famous cells in Teachers College of Columbia University were not organized until somewhat later.

By 1917 the Communist conspiracy in the United States was strong enough directly to affect the policies of the American government. As everyone knows, the Communist seizure of power in Russia was carried out by criminals trained in the United States. A whole shipload of this vermin was sent from New York City under the command of a butcher named Leib Bronstein, who became famous under one of his many aliases, Leon Trotsky. This ship was intercepted by the British Navy and taken to Halifax, but a vigorous protest from President Wilson forced the British to release this shipment of human germs and escort it to Russia.

The pressure on Wilson doubtless came from several sources, but the most important seems to have been a banker named Jakob Schiff, who had been the financial manager of Wilson's presidential campaign,

and whose banking house, Kuhn, Loeb & Co., had more than a year earlier deposited in Swedish banks \$50,000,000 in the name of Trotsky and another degenerate whose true name and early career has never been satisfactorily ascertained but who is known to history as Nikolai Lenin.

In 1918 Felix Frankfurter was publicly denounced by former President Theodore Roosevelt as a soul-mate of Lenin and Trotsky. He accordingly retired from the American government to a professorship in Harvard University, where he settled down to train two generations of traitors and slip them into positions of responsibility in Washington or into law schools throughout the nation. Alger Hiss was but one of the hundreds whom Frankfurter prepared for their important tasks.

I have mentioned these dates primarily to remind you of the great progress that the Communist conspiracy made before 1919; when they decided to set up an official political party headed by William Z. Foster. This official party, the segment of the conspiracy that is openly displayed, has never been large. It probably has never had over 90,000 card-carrying members at any one time. It has served on the one hand as a recruiting and testing agency to enlist talented conspirators who, after they had proven their worth and ability, could quietly be transferred to one or another division of the underground, and it has served on the other hand as a shield to mask and facilitate the work of the part of the apparatus that consists of conspirators who pose as "liberal intellectuals," and who urge the American people to save themselves from Communism by reforming their legal and economic system along Communist lines at home, and by taxing themselves to finance Communist governments abroad. . . .

Now these foreign events, although, of course, designed to weaken further our military position, are in the Communist plans, strictly subordinate to the great program of internal subversion. This also has its center in Washington. Let me call your attention to one detail that you may not have noticed. We have all read about the president's so-called "economy" budget, and the loud yammering in Congress for increased expenditures, which is, of course, primarily a means of making foolish Americans think they have gained something if merely the crippling burden of that "economy" budget is dumped on their backs. Taxation has always been one of the primary instruments of the Communist conspiracy. You may remember the famous remark that is attributed to Harry Hopkins, I know not how accurately: "We have to bleed the American pigs before we butcher them."

But in this "economy" budget one should note which department of government was granted the largest increase. It is the Department of Health, Education and Welfare which, in this budget, is granted a total outlay of \$3,139,719,000 — an increase of one billion dollars over 1954. Now this is the agency that is spending its money to promote such things as fluoridation of public water supplies.

The Department of Health, Education and Welfare is also the agency that is currently promoting another Communist scheme to enlist the services of well-meaning dupes under the guise of "social good." The current agitation about Mental Health was begun by the World Health Organization whose president was that ubiquitous traitor, Alger Hiss. It is sponsored in this country by the National Association for Mental Health, whose director, Julius Schreiber, refused to tell a Congressional committee whether or not he was a Communist on the grounds that his answer might incriminate him.

But the greatest promotion is, of course, done with your money by the Department of Health, Education and Welfare. In this one department observers in Washington estimate that 75 to 80% of the responsible officers are conspirators.

I have said enough, I think, to suggest how desperate our situation is. Our ancestors were never confronted by a danger so terrible and so immediate.

But I permit myself to see some hope. As the huge sale of the Overstreet book shows, The American people, who watched in a narcotic apathy, induced by the press and the radio, while the Communist conspiracy struck down the late Senator Joseph McCarthy, are at last becoming faintly aware of their danger. Some people everywhere have been made uneasy by such outrageous exhibitions of Communist confidence as the use of paratroopers in Little Rock to overawe Americans who thought that they had constitutional rights. Protest is at last being heard against taxes that are imposed ostensibly for "welfare" and "progress," but in reality merely to bleed dry what Hopkins called "the American pigs." Farmers are rejecting the bribes offered them by the commissars, and resenting governmental terrorism. And what is even more important, on the local level in many a community people are becoming aware of the real purposes behind such things as regional planning, fluoridation, "mental health," "counseling programs" in the schools, and the many other local activities that serve the Communist purpose of persuading the boobs to fasten on themselves their own chains.

Remember that the tentacles of the conspiracy reach into your home town, where its puppets are promoting fluoridation, "mental health," and innumerable other plans to accustom us to gradually increasing slavery and intimidation.

Make your voice heard. Each one of you belongs to a club or a social circle. Speak out: tell Americans of their danger.

Our ancestors risked their lives and their honor to create this nation. Is it too much to ask us to risk our lives, if necessary, to recapture it from our enemies?

UNWINDING THE JEWISH MYSTERIES

The Jewish frauds which have mystified the modern world are really quite simple. Jews firmly believe in their magic; they believe that the Jewish hand is always quicker than the Gentile eye. Yet charlatanry is always transparent; its effectiveness depends upon the skill with which the montebank distracts the attention of his victims. The "Right-Left Polarity" is the prime Jewish power-grabbing device of the last century. It is not the only one they have in their bag, yet it has served them so well that they are very fond of it indeed.

It is the ultimate futility for any Gentile to be on either the "Right" or the "Left." The Jew, in setting up "Right-Left Polarity" as a trap, had no intention of creating a really valid politico-economic position on either side. The Jew was merely devising a trap in which to catch the Gentiles.

Let us firmly remember the basic purpose of the Jew. His purpose is to destroy the leadership classes of the Gentiles. The Jew wants the destruction of Gentile religion, literature, culture, and political philosophy. He also wants the ruin of Gentile racial pride. By destroying the intellectual leadership of a very few advanced nations, and putting himself into their places, the Jew hopes to make himself master of the world. Then he will breed a mixed race, mixing Negro and Oriental blood with the white races of Europe and America. After that, no Gentile will ever be anything except a proletarian.

The whole purpose of "Left-Right Polarity" is to serve this Jewish aim. These ideas first invaded the U.S.A. in force during the Great Depression of the 1930's. The American Gentile leadership was as badly bewildered as their European counterparts had been fifty years before. At first, the American Conservatives, who have a strong rural bias, thought that they could deal with Communism by the same methods they would use to drive an undesirable vagrant out of a small rural town. They firmly believed, as the Jews wished them to believe, that Marxism was a party of poor malcontents. Thus our whole effort against Communism was delivered over to futility. Nobody ever investigated the role played in World Marxism by the great Jewish banks. Never did they ask the great banks why they paid the printing bills of Marxist publishing houses.

NOW, LET US LOOK AT REALITIES:

The Jew does not want everybody to be on the "Right," nor does he want everybody to be on the "Left." He wants CERTAIN PEOPLE to be on the Right, and he wants CERTAIN OTHER PEOPLE to be on the Left. The Jew himself is neither on the Right nor the Left. He stands above such vulgar matters. He is the RINGMASTER of this circus, and he cracks his whip over both the Right and the Left, and makes them jump through the hoops he has devised. Thus, under the guise of social and economic controversy, the Jew keeps the people on both sides busy doing exactly what he wants.

Generally, the Jew wants everything he has marked for doom to be on the "Right." The Army, the Church, and the Rich, are earmarked for a "Rightist" position. They are to be cut off from their broad base of popular support and pilloried into oblivion. The Jew is anti-military, because he wishes to destroy the national armed forces in order to build the "Jewish World State." The Jew is Anti-Christian, because the Christian faith might serve as a rallying point for unity among the Gentiles. Therefore, the Jewish made "Proletarian" movements always have an Atheist tinge, to wean the working class away from Christianity. The Jew is against the rich Gentiles, because he wants to reduce them to poverty, and jolly well intends to break their power and take it for himself. These people move like zombies. They mouth the "Rightist" slogans which the Jews have manufactured for them. Our so-called "Conservatives" in America have assumed, in a positively servile manner, the position which the Jews have allotted to them. Their "Conservatism" is merely "Half a Thing," merely the half of a Right-Left Polarity. The Right

and the Left exist only in terms of their relationship to each other. They form the orbit of Jewish influence and power. The whole position of the "American Right" today is a position which has been manufactured by Jews. Many of our wealthy Gentiles, like infants not yet dry behind their ears, have run eagerly into this Jewish trap. Now their sources of popular support are dead, and the Jews always win elections.

The "Left" also contains exactly the people whom the Jews want to have on the Left. In other words, the Jews have arranged our Society, putting some people on the Right, and some on the Left, and making all perform at the crack of the Jewish Ringmaster's whip. American Society today is a Jewish creation. Labor toils in an increasingly Orwellian and 1984-ish nightmare. Capital is drained away from Gentile hands and flows into Jewish hands.

In other words, the Jews have everything going their way. They have no worthwhile opposition. The Anti-Communists are kept busy tilting at windmills which are set up by the Jews, and none of their efforts ever come to anything. I have long since despaired of the American Anti-Communists. They will never fight against anything real. They will not fight the great Jewish banks, because an attack on that quarter always brings immediate reprisal. Our phoney Anti-Communists will fight straw men, but not real Jews.

A real fight could be waged only by breaking out of the "Left-Right" cage which has been erected by the Jews. We are like cattle starving on a concrete pasture, and lacking the sense to jump the fence to graze in the bright green woodlands which lie so pleasant and inviting just a short distance away. The Jewish intellectual effort is aimed to keep matters polarized between "Right" and "Left" and to prevent us from seeing the thousand and one other alternatives which exist, and which could be had simply for the taking. The Jewish intellectual racketeers, by their control of mass communications in America, hold the world in thrall.

We are constantly told in the pimp press that Soviet Communists are plotting against the United States. There is a germ of truth in this. Russia does have a yen for world power, and does regard the United States as the principal stumbling block. Yet Marxism, as such, is not the real issue. The fact is that MARXISTS IN NEW YORK ARE PLOTTING AGAINST THE SOVIET UNION. New York Jewry has its channels into Russia. They have served notice on the Kremlin that Stalin must not be "rehabilitated." Stalin, you know, was a baddie. He would not obey the Jews, and he had a Genghis Khan sort of view of Marxism. Therefore, New York Jewry demands "Destalinization." Somebody in New York pushed a button and started Khrushchev yapping before the Presidium of the Supreme Soviet, denouncing Stalin as a monster. Stalin was indeed a sort of monster, but if he had been a Pro-Jewish monster, this would have been overlooked readily enough. The fact that Stalin was Anti-Semitic makes all the difference. All Russia madly hates the Jew Marxists, and vice versa. Russia is a REAL Anti-Communist nation, which yearns madly to be at the throats of the Jews, and to spill Jewish blood, and to rip apart the whole mess of Right-Left sophistry and strew its bones far and wide around the landscape. It is primarily the power of U.S. Jews which prevents Russia from doing just that. The Jewish intellectual powerhouse in New York is busy fighting every manifestation of native Russian culture. The New York Times Book Review Section, for example, denounces "The myth of the Russian Soul." (Oswald Spengler says, "To Dostoevski's Christianity the next thousand years will belong.") World Jewry is very busy trying to make sure that this does not happen.

The "Communist plot against Russia" is a vicious one. If the Jews succeed in getting back the power which Stalin took from them, they will once again do what Leon Trotsky did: They will murder the whole Russian educated class; they will put the Russian

nation under the control of the great Jewish banks; they will weaken Russian military power, so that China or some other nation under Jewish control can move in. Under the so-called "New Economic Policy" of the 1920's, Marxism showed the flag of its true masters, the great Jewish bankers. The resources of the whole vast nation were to be plundered by the Jews, and Russians were to supply slave labor for the process. Just before he died, Stalin said to his prospective successors, "What will happen to Russia after I am gone? You do not know an enemy when you see one." Ordinary Russians apparently do know an enemy when they see one.

New York Jewry today is like a pistol aimed at the head of Russia. The American Left, under Jewish control, is a hundred per cent Trotskyite. Indeed, the U.S.A. today is under Trotskyite Marxist control. Our whole national power is being used to blackmail Russia and put her back under Jewish control. Our diplomacy is working for Jewish interests, not American interests. Our press expresses Jewish opinion, not American opinion. Our politicians carry out Jewish policies, not American policies. Our courts dispense Jewish largesse, not justice. Our literature, dominated by Jewish publishers, is anti-patriotic, anti-military, anti-American. Moreover, the power of the mass media has so far destroyed the nation's sense of reality that we do not even have any common ground as a nation any more.

The destruction of the Gentile culture has gone a long, long way in America. Mere "Conservatism" will not be enough to rescue us from Jewish domination. We must undertake, on a world-wide scale, a work of intellectual sabotage, of destruction of the Jewish "mental cage" which entraps mankind. This does not mean merely being on the "Left" or the "Right," but, rather, it means the **UTTER DESTRUCTION OF THE WHOLE FRAME OF REFERENCE WITHIN WHICH RIGHT-LEFT CONTROVERSY EXISTS.** We must not merely jump through a "Left" or "Right" hoop indicated to us by the Jewish ringmaster of this gaudy intellectual circus; we must turn on the Jewish ringmaster and break up his hoops, take his whip from him, and drive him from the ring.

Frankly, I am not betting much on the "American Right." This may in the end prove to be a job for the young, the tough, and the poor, rather than elderly rich men who take their ease in their clubs, and pull their punches where Jews are concerned. **THIS IS NOT A BATTLE BETWEEN RICH AND POOR, OR BETWEEN CAPITAL AND LABOR. IT IS A BATTLE BETWEEN JEW AND GENTILE.** Any other representation of it is a lie, and belongs with the Father of Lies. Communism? There is no such animal, never was any such animal, and never could be any such animal. There is nothing but a collection of cheap little Jewish charlatans practicing typical Jewish quackery. They have succeeded in causing a great schism of dissension among Gentiles, which is called "Right-Left Polarity." We need to understand that the **ONLY** real purpose of any of this is to cause division among the Gentiles and thus build Jewish power. Think not whether your Gentile neighbor is rich or poor, an employer or an employee. Just make sure that he is not Jewish, and then stick with him, so that we can overthrow the evil Jewish power which threatens the order and peace of the world.
